Polaris Delivers Innovative Employee Onboarding Feature Set and Workflows and Continues Expansion of its Payroll and HR Processing Platform with its Latest Release

The Latest Release of the Cloud based Payroll and HR Platform brings Employee Onboarding with Comprehensive Workflows, Additional 3rd Party Integrations and Enhanced Security Features.

(Apex, NC – December 7, 2018) – Polaris Payroll™, a provider of SaaS On-Demand Payroll Processing and Human Resource solutions to Payroll Service Bureaus (PSB) of all sizes, continues to leverage its Software as a Service (“SaaS”) On-Demand technology platform by announcing the latest releases of application enhancements to its Payroll Processing platform during the 4th quarter of 2018.

Enhancements in this release include:

- **Employee Onboarding:** Added the Employee Onboarding Feature set and workflows that streamline the onboarding process for employees. Workflows include the completion and generation of various forms including electronic signatures for W4, I9 Direct Deposit Authorization and more.
- **Administration and Management of New Hire Onboard Process:** Added various Administrator tools for managing the onboarding process including a “Global” dashboard that monitors all open Payroll enrollments.
- **Billing Management:** Added new Billing Management features to provide additional flexibility for Service Bureau Billing.
- **Tax Forms and eFile Compliance:** Added/Modified tax forms and eFile reporting features for over 35 jurisdictions.
- **3rd Party Employee Onboarding Import:** Added capability to import Employee Onboarding data set from 3rd party Employee Onboarding providers.

- **Security Enhancement for Tax Management Compliance:** Added new security and tax management feature that provides service bureaus better control of client's funds and transaction processing.
